

Program Development

*Bringing a project from concept to reality...
What's the process?*

Who Should Attend?

Nonprofit leadership teams including executive directors & board leaders.

Presenter:

Sharon Rodning Bash, graduate program instructor, St. Mary's University & Program Director, ArtsLab - Minneapolis

This Workshop Will...

...provide you with practical steps:

- 1) Assess community need and project feasibility.
- 2) Learn about a logic model or theory of change.
- 3) Create an implementation plan and strong team.
- 4) Monitor and evaluate results.

Be sure to come with a program idea! The day will offer useful takehome tools and a framework for your project as well as lots of discussion time and activities to begin putting the tools to work for your organization.

Questions We'll Answer...

- ♦ How do we know if or what program is needed?
- ♦ What is a logic model and how is it useful?
- ♦ Who needs to be involved, and when?
- ♦ How do we monitor the program's effectiveness?
