

St. Joseph's Foundation 14th Annual Community Health Symposium

Presents:

The @ Generation The Online Behavior of Youth

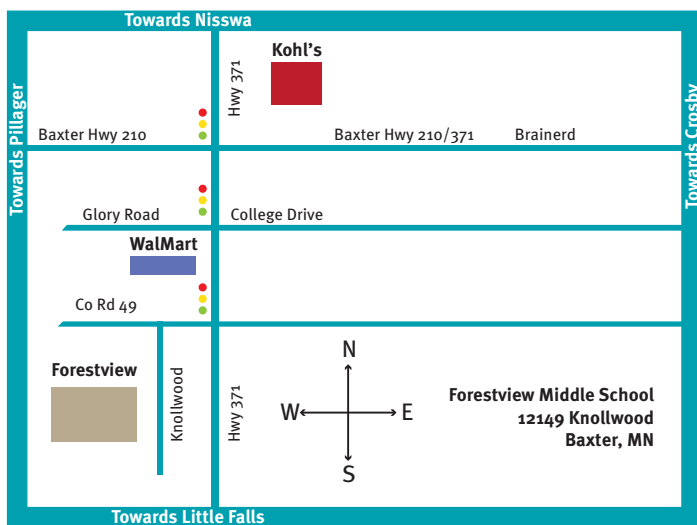

Sponsored by:

St. Joseph's Foundation & ISD #181 Community Education

Free Evening Program

Presenter Elizabeth Griffin, LMFT will discuss the online behavior of youth and address both the positive and negative aspects of cyberspace. She will also discuss problematic behaviors such as, cyberbullying, online gaming, and sexual exploitation. Additionally, the concept of emotional intelligence (EQ) and how it can be used to assist youth in staying healthy and safe online, will be addressed. The program will include live online demonstrations of the various places that youth “hang out” over the internet.
